Students'progression:

Examination is processed and conducted centrally by the Rabindra Bharati University (DDE) through home away centres.

Reviewing the performance of the students it is found that about 90% students enrolled appeared in end semester examination and more than 95% of the appeared students completed their Master Degree in their respective subject.

*** RBU temporarily suspended the subjects as marked xxxx centrally due to some administrative problems of the university and of course it was reintroduced from 2022 again.

Administration:-

The study centre is administered by a body of administration consisting of PRINCIPAL (ex-officio), Coordinator and two office assistants. Policies as framed and circulated by the main Campus is executed by the body of administration under the chairmanship of Principal.

STRONG points of this STUDY centre are to facilitate the students to have the counselling by efficient counsellors. PCP classes are held at regular interval. Counsellors are very much academic friendly in Students' WhatsApp group.

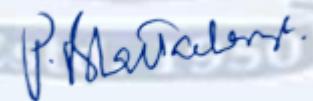

The WEAK points are that the study centre has the constraint to run by the policies of main campus and due to space problem library for the students of distance education could not be provided.

There are so many OPPORTUNITIES for getting admission in about 6 subjects for PG courses. Prospective students are in scope to get in touch with the office staff and counsellors as and when they feel necessary.

Future Plan: Providing more opportunities to bring the prospective students with slow learning capabilities into an arena of post-graduation course for getting themselves the flavour of higher education challenging the limited institution for accessing the regular course of studies.
