Dear Sir,

We the Vijaygarh Jyotish Ray College observed that for any sort of development, food security, waste management etc. the use of electricity is obvious. But the use of electricity puts an enormous pressure of non-renewable resources, because the electricity generation mainly depend on coal. The use of wind, waster etc for electricity generation is not so wide. Considering the emphasis on sustainable development, we should be judicious enough to the non-renewable resources but at the same time we cannot stop development. Nuclear energy may be the great source of power generation which may be sustainable. But a significant cross section of the society is not infavour of nuclear energy. So in this perspective we request you to kindly organize an outreach awareness based programme for students and faculties about benefit of nuclear energy which knowledge may discriminate in the society. For sustainable development this type of outreach programme which is awareness campaign based will be immensely helpful for the society as a whole. Also along with this enrich our students about job opportunities in this field.

Thanking you

Samanta. Besides other dignitaries from BARC also participated in the program and they actively engaged the audience. It is least to mention that all the participants were enthusiastic and hugely motivated to learn about nuclear science. Already, there was demand from the participants to organise such a program in aperiodic manner. Department will hope to organize such type of program in future too.

Celebrating International Day of Yoga: Yoga is a form of art and exercise which builds a connection between our body and mind. It is very effective for releasing anxiety and stress. It is often suggested to start practicing yoga from a young age so that the chances of having health ailments reduces in the older age. To create awareness, the United Nations took an initiative to celebrate International Yoga Day every year on 21st June. On 21.06.2018, 66 NCC cadets of VJRC participated in a Yoga Shivar organized in college campus. The Head of the Institution and ANO of the college was also present in the occasion.

17. Augmentation of Life Skill: Yoga Day 2019 Celebration by NCC cadets

Yoga is a form of art and exercise which builds a connection between our body and mind. It is very effective for releasing anxiety and stress. It is often suggested to start practicing yoga from a young age so that the chances of having health ailments reduces in the older age. To create awareness, the United Nations took an initiative to celebrate International Yoga Day every year on 21st June. On 21.06.2019, 39 NCC cadets of VJRC participated in a Yoga Shivar organized in college campus. The Head of the Institution and ANO of the college was also present in the occasion.
