7.1.3**ACTION TAKEN REPORTS AND ACHIEVEMENT REPORTS AS
CLEAN AND GREEN CAMPUS INITIATIVES****YEAR 2017-18**

Sl. no	Clean & green campus initiatives	Action	Description
1.	Green Environment Policy	Policy is made https://vijaygarhjrcollege.com/uploads3/POLICY_DOCUMENT_merged_Final.pdf	Policy is implemented as the institution is committed to environmental sustainability and conservation activities.
2.	Green/Environment/Energy Audit	https://vijaygarhjrcollege.com/uploads2/Vijaygarh%20College%20-Green%20Audit-%2017-18.pdf	The Green /Environment /Energy Audit report gives a clear picture to identify and quantify the green practices inside campus and helps to prioritize a framework of actions for the future.
3.	Environment friendly, promotional activities by the Institution	Circulars and reports of activities for the last five years: https://vijaygarhjrcollege.com/uploads2/7.1.2_CIRCULARS_AND_REPORTS_OF_ACTIVITIES.pdf	These programmes help to build an environment friendly mindset and lifestyle in the society and among ourselves.

4.	Beyond campus environmental promotional activities by the institution	Beyond campus environmental promotional activities for the last five years: https://vijaygarhjrcollege.com/uploads2/7.1.3_Beyond_campus_environmental_sustainability_activity.pdf	The NCC, NSS, Departments and students are actively involved in environmental promotional activities throughout the years.
5.	Maintenance of Green campus	Regular maintenance of greenery inside campus	Vijaygarh Jyotish Ray College is naturally blessed with plenty of large trees (as mentioned in the Green Audit reports). The college campus garden and greenery is regularly maintained. The Department of Botany has established a Medicinal Plant Garden since early 2017. The Department of Zoology maintains a butterfly garden since 2016.
6.	Systematic waste management	Standardized disposal of solid, liquid, degradable, non-degradable and e-wastes after proper segregation.	Wastes are segregated based on their degradability and disposed properly. Solid wastes are disposed of in KMC baskets, liquid wastes from laboratories are diluted before drained out, contaminated wastes are autoclaved first, e-wastes are handed over to Hulladek (an e-waste management organization). Also a vermi-compost facility is available inside campus from which compost is used as fertilizer in the college garden.

7.	Maintenance of pollution free environment inside campus	Notices and Green Policy circulars are implemented mentioning ban on use of single-use plastics, no-smoking inside campus, ban on entry of automobiles inside campus.	<ul style="list-style-type: none">• Single use plastic use is prohibited in the college canteen as well as other areas inside campus.• Smoking is strictly prohibited.• NCC and NSS students took the initiatives to promote environment friendly awareness in the society through various programmes.
8.	Alternate energy source	Solar energy	<p>Vijaygarh Jyotish Ray College has installed a roof top grid connected Solar PV Source of 2x10 KWp to meet the increasing demand of electricity in 2016. Solar panels of 10kWp capacity had been installed on both sides of the rooftop of the main building at the college campus with the help of West Bengal Renewable Energy Development Agency, Govt. of West Bengal.</p> <p>The Grid Connected Rooftop Solar Photovoltaic System with capacity 20 kWp has been connected to an existing electricity line having maximum power consumption in our college. At present the system is running successfully and the electricity bill has been reduced significantly.</p>
9.	Purchase of energy efficient electrical apparatus	LED bulbs	Conventional electric appliances are being replaced by LED lights and other energy efficient apparatus
