History of the College

Vijaygarh Jyotish Ray College is a Government Aided college of West Bengal under the affiliation of the University of Calcutta. The college was established in 1950 as part of a larger historical reality known as the Bengal Partition. The college was founded with the tremendous effort of the suffered, uprooted and struggling people of the erstwhile East Pakistan. To understand the underlying philosophy of this college, the historical background and its location may be briefly outlined. Located in the Jadavpur area, Vijaygarh Jyotish Ray College is bordered by Saktigarh, Pallisree, Sree Colony, Golf Green and Vikramgarh and covering an area of approximately two square miles. Population within this colony is approximately 25,000. The land was originally a property of the United State Army and a private owner, a Zaminder. The first batch of refugees migrated to be settled in this land in 1946 after a lot of heart wrenching struggle and behind-the-scene negotiations with the government by the veteran freedom fighter Santosh Kumar Dutta who had a land deed to occupy the land.

In order to impart higher education to the youths of this refugee settlement, in June 1950, the first colony committee planned to build a college in the military barrack where this college is now situated. In 21st August, 1950, the owner of this military barrack, the Eastern Command finally agreed to hand over the land to the colony committee to build the college. The college was finally founded in 2nd November, 1950 with Prof. Prasanta Kumar Bose at the helm of the first Governing Body along with many academic stalwarts including Dr. Triguna Sen, Dharendra Nath Roy Chowdhury, Nagendra Nath Pal, Sukumar Gupta and Dr. Makhanlal Roychowdhury. Prof. Mahaswata Debi, Prof. Chinmoy Guha, the legendary academician and researcher in the field of English Literature, nationally and internationally. He became Vice-Chancellor of the Rabindra Bharati University. The college has also been led by many able Principals and Teacher-in-Charge. The Present Principal of the college is Dr. Rajyasri Neogy.

From the desk of the President:

Education, besides being the birth-right of every citizen of the country, facilitates the full development of his/her human potential. This involves embracing a philosophy of education which is driven as much by a moral-intellectual as by a social commitment towards the disadvantaged and the ignored sections of society.

With the mission in view, the institute has crossed many a milestone- the recent one being the attainment of the NAAC accreditation- in its long journey, thus continually upgrading itself as and when demanded by the changing times. It requires not only a continuous process of infrastructure development but also a constant attention to the quality of education to be delivered and the campus order and discipline to be maintained. This has been made possible by the institute's entire team of dedicated teachers and staff ably led by the principal. I am of the conviction that the promises shown and direction taken by the institute, in keeping with its basic objectives and motto, will be successfully and consistently carried forward into the future.

With Good Wishes

Sri Debabrata Mazumder, CA

Member of Legislative of Assembly, Govt. of West Bengal,
Mayor in Council, Kolkata Municipal Corporation

From the Principal's Desk

For more than six decades Vijaygarh Jyotish Ray College travelled to achieve academic excellence with social justice by crossing several hurdles. Our vision, mission and objective is to provide quality education to all irrespective of caste, creed, religion and economic condition. We are sincerely trying to make our students competent, self-sufficient, matured, skilled and responsible citizen of future India.

In tune with the major objectives of National Education Policy NEP (2020), Vijaygarh Jyotish Ray College is preparing itself for more experiential, holistic, integrated, inquiry-driven, learner centred, flexible education within the set-up of affiliating University. Numerous initiatives are taken by the institution within the set-up of affiliating University and Govt. policy e.g. introduction of add on certificate courses, value added certificate courses, emphasising propagation of Indian Knowledge System and focusing on outcome based education.

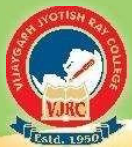

We believe that it is our duty to make this institution as one of the most leading institutions in the field of academics. We are committed to maintain a student friendly academic atmosphere in the institution. I believe that “Team VJRC” comprising teaching, non-teaching, and students will be able to make our institution one of the prime institutions in the state.

Warm Regards & Good Wishes

Dr. Rajyasri Neogy

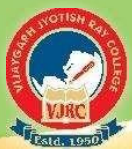

Principal
Vijaygarh Jyotish Ray College

Different Cell:

1. Anti-Ragging Cell : To publicize to all students and prevalent directives and the actions that can be taken against those indulging in ragging;

Convener: Sri. Abhishek Samanta

2. Competence Building Cell: Our college is mainly an undergraduate college with a postgraduate department. The main goal of the college is to build a competent student who can face the modern world in an expedient way. Students are taught according to the syllabus prescribed by the University. Study materials are provided to them so that they can go beyond the scope of the syllabus. Average and below average students are given remedial tuitions. But apart from all these efforts the college need to emphasize on students who can do debates, quizzes, construct models & posters, play music, act, dance and can do various extra-curricular activities. We in our college have developed this Competent Building Cell for encouraging students to go for these activities.

- Competent Building Cell organizes competitions of poster and model & various other activities.
- We let students know about various competitions which are going to be held outside the college.
- We encourage students to grow their skills to perform better in future.

The mission of our cell is to build up a community of students competent enough to face the world full of challenges. The students would be more suitable for the society. The approach of this cell is to build up an assembly of competent citizens for the future.

The primary objective of the cell is to build competence and competitiveness among students. Under its guidance and initiative students successfully participated in Youth Parliament Programme, Science Fair, Quiz, Essay & Debate Competition organized by Govt. of West Bengal and other colleges.

Convener: Dr. Gargi Saha Kesh

2. Grievance Redressal Cell: The function of the cell is to look into the complaints lodged by any student, and judge its merit. The Grievance cell is also empowered to look into matters of harassment. Anyone with a genuine grievance may approach the department members in person, or in consultation with the officer in-charge Students' Grievance Cell. In case the person is unwilling to appear in self, grievances may be dropped in writing at the letterbox/suggestion box of the Grievance Cell at Administrative Block. Grievances may also be sent through e-mail to the officer in-charge of Students' Grievance Cell.

The objective of the Grievance Cell is to develop a responsive and accountable attitude among all the stakeholders in order to maintain a harmonious educational atmosphere in the institute.

Common Research Facility Centre

The Common Research Facility Centre in the college was established in 2003 with an aim to encourage the post graduate students to take up scientific research as career. The centre harbors high end instruments like Fluor meter, Phase contrast microscope, CO₂ incubator and Animal Cell Culture facilities besides basic instruments for carrying out research activities.

Projects founded by DBT, DST and BARNS are currently under way at the centre. The major thrust area of research at the centre is development of co-ordination metal complex as anti-Leishmanial agent and development of microbial media for culturing parasite. Outcomes of research at the centre have been published in several international journals. One fellow from the centre has been already awarded with her Ph.D. degree and one is carrying out other research for doctorate degree in Microbiology. Overall the centre has been serving as a hub for active research over years.
