

Level of

Attainment

of PSO and CO of different subjects at Vijaygarh
Jyotish Ray College of All Semester Examinations
2018-2021

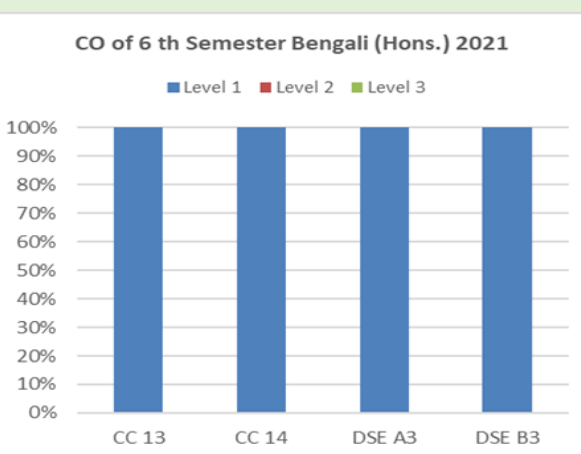

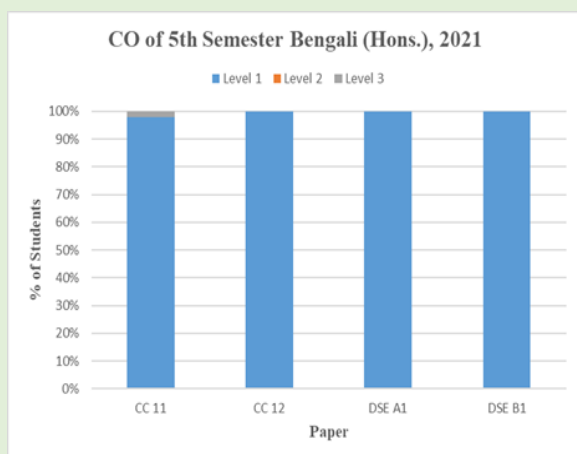

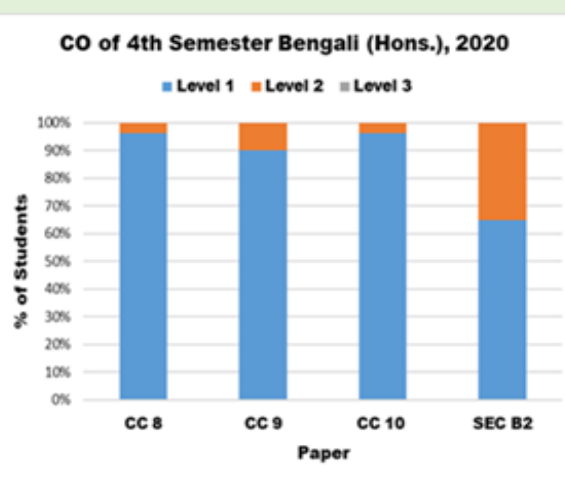

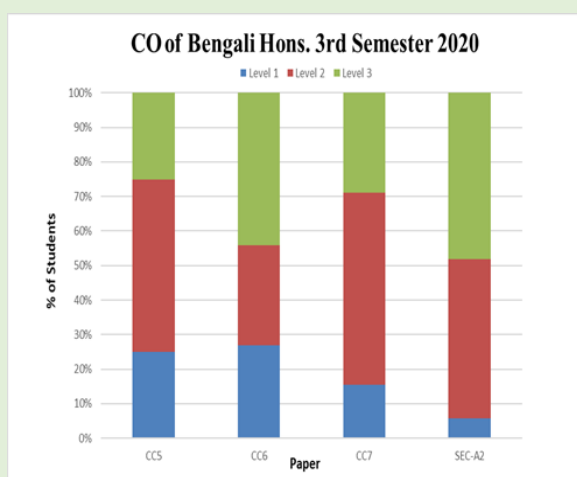

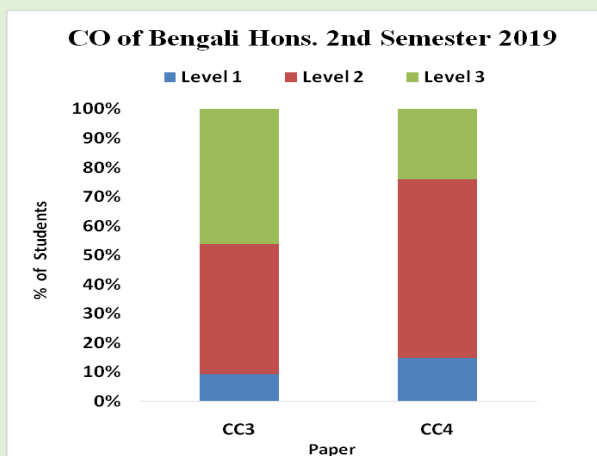

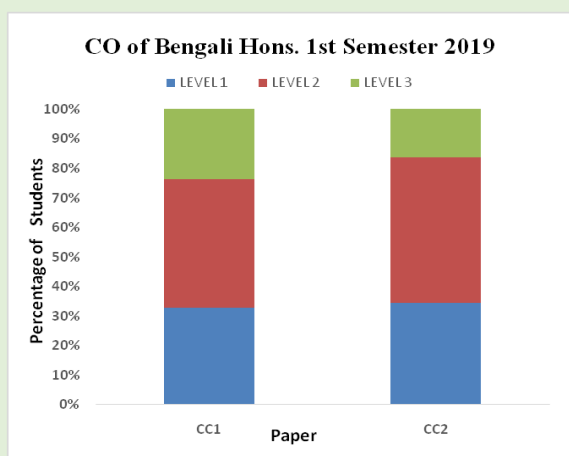

**Level of PSO Attainment of Different Subjects at Vijaygarh
Jyotish Ray College for Sessions 2018-2021**

It has been observed that Botany, Journalism, Chemistry, Philosophy, Political Science, Physics, and History, achieved 100% and Micro-biology (~100%) attainment at level 1 as defined by our institution. If we analyze or observe their progression level, most of the students (~90%) took admission for higher studies, which reflects that our teaching learning process is in tune with the objective of the institution. Students from the Departments of Bengali, Economics, Education and English have secured attainment of level 2. Students of these programmes are generally coming from economically marginalized family. Most of them are first-generation learners. Our focus group discussion revealed that despite receiving scholarships, students still worked part-time jobs to support their education. Their attainment was made possible, because of the constant inspiration and mental support by faculty members of the college. We believe they will eventually be able to support themselves independently.

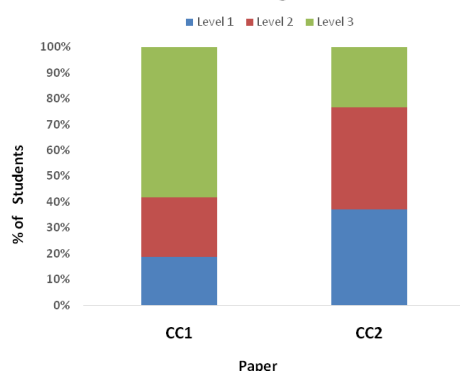

Subject wise course outcome of the students who took admission in the year 2018-19 and completed graduation in 2020-21.

Bengali

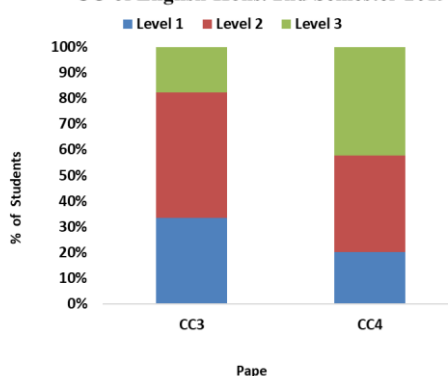

English

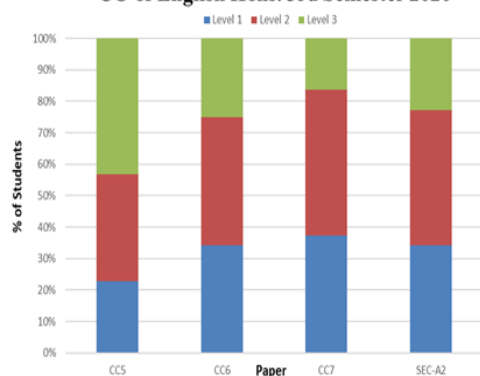

CO of 1st Semester English Hons. 2019

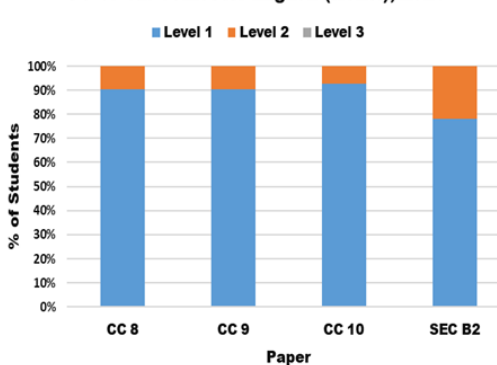

CO of English Hons. 2nd Semester 2019

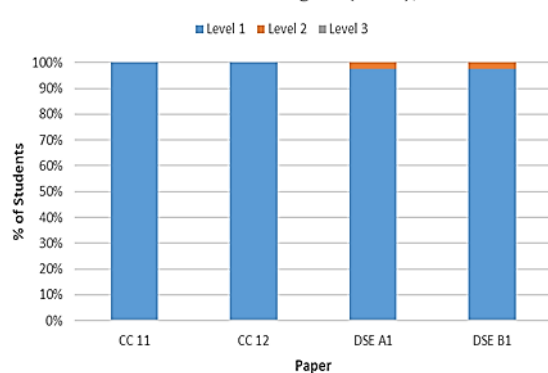

CO of English Hons. 3rd Semester 2020

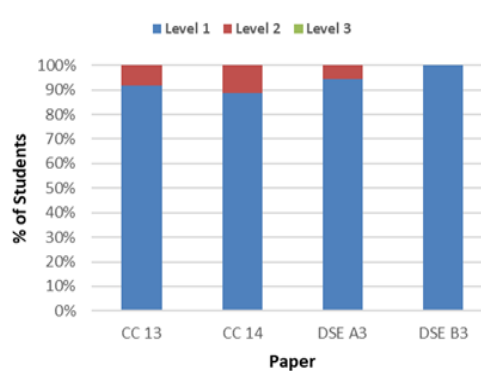

CO of 4th Semester English (Hons.), 2020

CO of 5th Semester English (Hons.), 2021

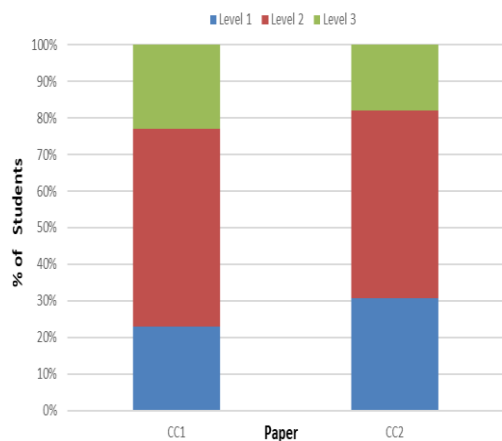

CO of 6th Semester English (Hons.) 2021

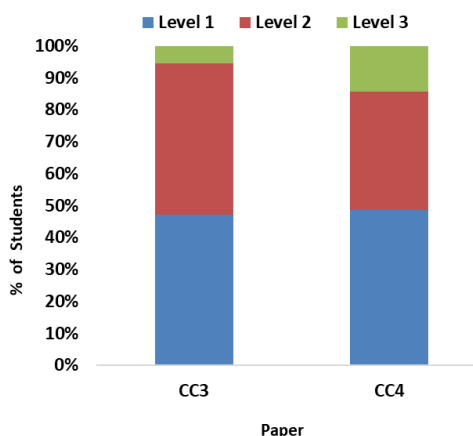

Education

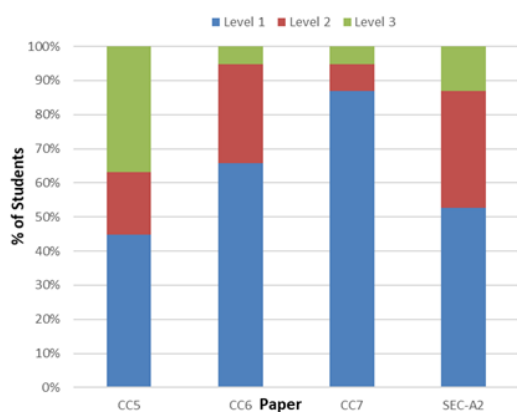

CO of 1st Semester Education Hons. 2019

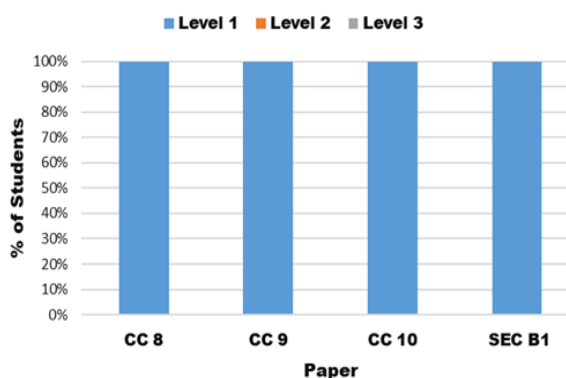

CO of Education Hons. 2nd Semester 2019

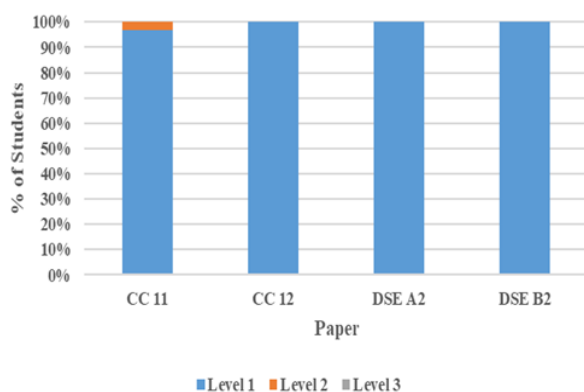

CO of Education Hons. 3rd Semester 2020

CO of 6th Semester Zoology (Hons.) 2021

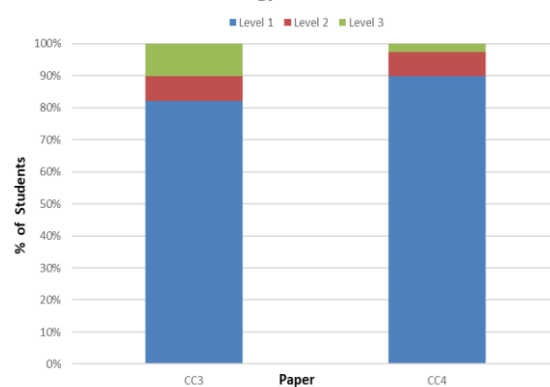

Micrbiology

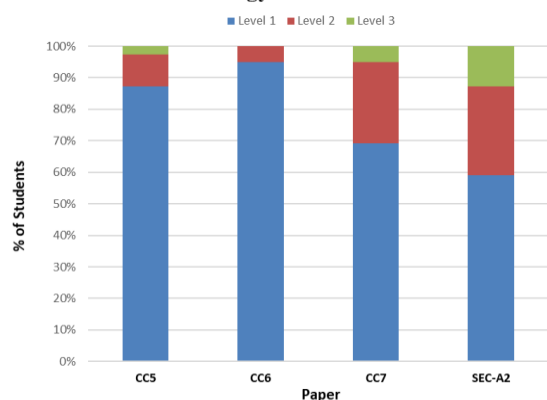

CO of 1st Semester Microbiology Hons. 2019

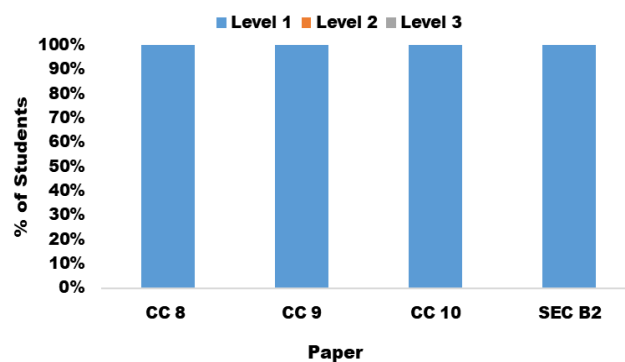

CO of Microbiology Hons. 2nd Semester 2019

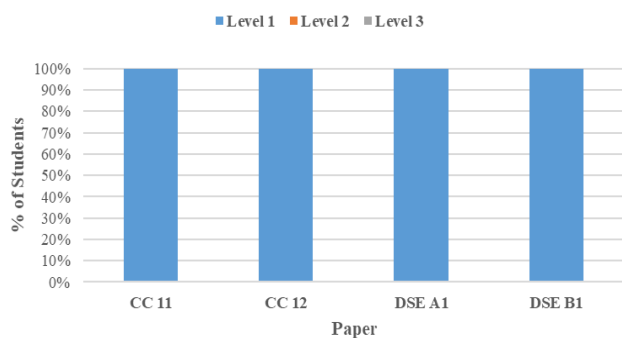

CO of Microbiology Hons. 3rd Semester 2020

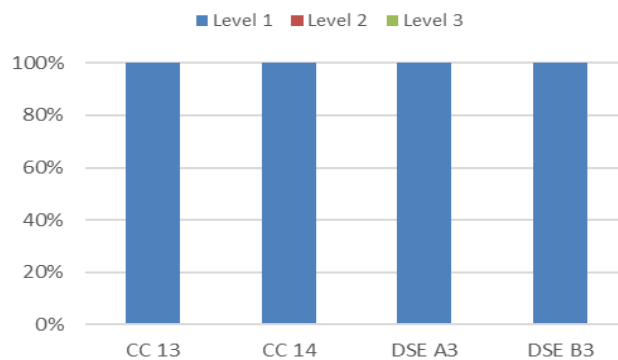

CO of 4th Semester Micro-Biology (Hons.), 2020

CO of 5th Semester Micro Biology (Hons.), 2021

CO of 6th Semester Micro-Biology (Hons.) 2021

Analysis of the subject wise course outcome of the students who took admission in the year 2018-19 and completed graduation in 2020-21.

This is the first batch of students who took admission in the CBCS system. It has been observed that for Course Outcome of Bengali Honors, English Honors, Education Honors, History honors, Philosophy Honors, Political Honors, physics honours, Zoology Honor, Botany Honors, Micro Biology Honors, Economics Honors first three semester exhibit mix result, where level 1 is yet to achieve by the students. But for 4th, 5th & 6th semester level of attainment is highly satisfactory.

So far as Journalism & Mass Communication Honors, Chemistry Honors are concerned throughout from first semester to sixth semester attainment level is more or less satisfactory to highly satisfactory.

The concerted effort of the faculties both in the off-line and on-line mode of teaching during pandemic, enable students, to reach high level of attainment. The mere attainment level dose not sufficient for a student. When a student get established in a job market or successfully progressed to higher education then only we can say that a student successfully attained the certain academic level.

The Institution is taking all sorts of initiative to execute curriculum properly. For the execution of curriculum properly Academic Committee, Examination Committee & IQAC headed by HOI together giving all kinds of effort the academic pursuit is reached a level in spite of the fact that student are taking admission from all category (lower income group, lower intelligence, first generation learner etc).
